Our HISTORY

— 1990

ORIGINATING FROM A TRADITIONAL WOOD WORKSHOP

Started as a wood workshop in Ha Nam, specializing in residential wooden products and traditional timber houses. This laid the foundation for HAVICO's manufacturing expertise and craftsmanship.

— 2003

EXPANDING PRODUCTION CAPACITY

Expanded manufacturing facilities and increased production capacity to meet growing market demand while diversifying our wood product portfolio.

— 2014

FOUNDING A DONG CONSTRUCTION AND TRADING INTERNATIONAL COMPANY LIMITED

Expanded into interior design and construction, while strengthening capabilities in technical consulting, specialized design, and nationwide interior project execution.

— 2023

FOUNDING HAVICO WOOD JOINT STOCK COMPANY

Marked the transformation into industrial-scale furniture manufacturing, with a strategic focus on OEM/ODM production for major domestic projects and international export markets.

About HAVICO

HAVICO is a leading manufacturer and exporter of wooden furniture, delivering OEM and ODM solutions for customers in both domestic and international markets. Backed by over 35 years of experience in the wood processing industry, HAVICO blends traditional craftsmanship with advanced manufacturing technologies to produce furniture distinguished by minimalist design, reliable quality, and long-lasting value.

With a 14,000 m² manufacturing facility, a workforce of more than 150 skilled employees, and a quality management system aligned with international standards, HAVICO continuously enhances its capabilities to meet the rigorous demands of global markets.

We are committed to partnering with our customers throughout every stage of the process, from concept development and prototype creation to mass production, delivering furniture solutions tailored to each brand and market.

OUR PHILOSOPHY

QUALITY

We place quality at the heart of everything we do, from carefully selecting raw materials to the final finishing of every product.

At HAVICO, we believe furniture should do more than serve a function. It should help create spaces with lasting value.

Every product is developed around three core principles: minimalist design, consistent quality, and manufacturing capabilities that meet international standards.

By combining traditional craftsmanship with modern technology and a rigorous quality control system, HAVICO delivers furniture solutions tailored to the diverse needs of customers across global markets.

WHY HAVICO

01. Over 35 Years of Wood Industry Experience

Built on more than three decades of expertise in the wood industry, HAVICO has continuously refined its manufacturing capabilities, laying a solid foundation of technical excellence and skilled craftsmanship.

02. Comprehensive OEM & ODM Solutions

Partnering with customers throughout every stage, from concept development and prototyping to mass production, delivering flexible solutions tailored to the unique needs of each brand and project.

03. Modern Manufacturing Facilities

Equipped with advanced production facilities and modern manufacturing processes to ensure high productivity, precision, and consistent product quality.

04. 5S Management Standards

Implementing the 5S management system to create a clean, scientific, and safe production environment, while enhancing operational efficiency at every stage.

05. Strict Quality Control

Every product undergoes rigorous quality inspections throughout the entire production process, from raw material selection to final finishing, ensuring consistent quality and compliance with international standards.

06. RTA Furniture Solutions

Optimized Ready-to-Assemble (RTA) furniture solutions that reduce logistics costs, maximize packing efficiency, and improve transportation performance for global markets.
